

Why do Contractors prefer
PurePro® Boiler Trim Kits
over other manufacturers'
trim kit packages?

Choice.

PUREPRO® BOILER TRIM PACKAGES

Time and time again, busy contractors tell us that the perfectly matched components of **PurePro® Boiler Trim Kits** reflect the exact choice of quality parts they would pick for themselves if they had the time.

Each kit includes a Micro Bubble Air Eliminator or Air Purger/Air vent, Expansion Tank, Boiler Fill/Backflow Preventer, two Service Check Valves. PurePro® even includes the nipples... all in a single easy-to-carry box.

Other kits will give you *almost* everything you need for a basic installation. PurePro® gives you ***all the finest brand components*** you need for a ***complete quality installation*** every time.
